## Service Agreement

Agreement made this \_\_\_\_\_ day of \_\_\_\_\_, year \_\_\_\_\_, between Cleveland County Rural Water District #1 and \_\_\_\_\_, water customer.

### WITNESS:

The undersigned hereby makes application for membership in the said District and agrees to the following conditions.

Purchase Meter and Certificate of Membership in the District at a cost of \$0 (meter is part of the transfer). A Transfer of Membership to a New Owner is normally without cost, unless there is a previous unpaid balance (use contact information listed at top of the form to confirm balance).

Pay a minimum monthly water charge to be established by the Board of Directors, beginning from the time service is made available by the District, and pay for additional water used at the rate set out in the rate schedule adopted by the Board of Directors. Any charge adopted for minimum monthly water charge and the rate scheduled by the Board of Directors of the District shall be a part of this agreement as though fully set out herein.

All water shall be metered using an approved calibrated meter to be furnished and installed by the District.

If after water service is made available and the same is discontinued or disconnected for any purpose, pursuant to the By-Laws and the Rules and Regulations of the District, re-connection shall be upon the conditions set out in the By-Laws and the Rules and Regulations of the District.

The Member shall install and maintain at his own expense a service line from the meter to the point of use.

The Member shall hold the District harmless from any and all claims or demands for damage to real or personal property occurring from the point the Member ties on the District meter to the final destination of the line installed by the Member. The Member agrees to grant to the District an easement of right-of-way for the purpose of installing, maintaining, and operating such pipeline, meters, valves, and any other equipment which may be deemed necessary for the District, on such form as is required by the District. For Transfer of Membership to a New Owner, the easement has already been obtained for the property.

The District shall have the right to locate a water service meter and the pipe necessary to connect the meter on the property and equipment located upon the Member's premises at all reasonable times for any purpose connected with or in the furtherance of its operations, and on discontinuance of service shall have the right to remove any of its property from Member's premises.

**I have read and understand the service agreement as set out above.**
